

DMV ON DEMAND Enterprise License Plate Solution

Motor Vehicle Departments and their license plate manufacturing partners face greater challenges today than ever before. Constant change in demand and resources creates a myriad of obstacles that every state agency must overcome daily. All the while, state agencies are expected to do more with less in search of operational excellence and satisfied customers and employees.

ITI's Enterprise License Plate Solution (ELP) empowers administrators to overcome staffing and budget constraints to reach customers when and where they want to be met. Through modernized manufacturing processes utilizing real-time reporting software and complete inventory tracking, they are able to increase transaction capacity and customer satisfaction without increasing state spending.

UNDERSTAND. OPTIMIZE. INTEGRATE.

ITI is the market-leading provider of license plate manufacturing and delivery solutions. The ELP platform understands, optimizes, and integrates to increase transactional speed, provide complete chain of custody to every transaction, and immediate visibility to every step in the process. When you are able to see everything in real time and know every transaction is guaranteed, you don't have to worry.

/ License Plates

Increase visibility of orders and inventory through real-time processing, printing and delivery that guarantees 100% chain of custody for the delivery to customer.

Decrease costs by 15% or more through a transactional cost model that removes the requirement for excessive inventory, software, and printing equipment, with no upfront capital investment required.

Increase employee satisfaction and skills through using modern technology and manufacturing processes. Provide a foundation that will empower manufacturers to use better trained and equipped staff.

EXPERIENCE YOU CAN TRUST

ITI leverages more than 20 years of experience in 18 states to install, integrate, monitor, support, and manage the manufacturing, delivery, inventory associated with license plate production. Best of all, as part of the ELP platform, there is no upfront capital outlay; you only pay for what's been delivered and paid for. So, you don't have to find or create new budget.
